

How guardians can log test results in Arbor

Important note:

Guardians can't see previous records or edit the test results after they've been logged, so you'll need to contact your school if you need to make any changes

On the Parent Portal

If you have more than one child at the school, first select which child you want to record the test for using the drop-down menu at the top left of your page.

Then click the **View Student Profile** button to go to their profile.

The screenshot shows a dropdown menu with 'Becky Badsey' selected. Below it, a student profile card for 'Gavin Anderson' is displayed, including a photo, the name 'Gavin Anderson', and the form '7DY'. A green button labeled 'View Student Profile' is at the bottom.

Click **Add information** and select **Add Covid-19 Test Result**.

The screenshot shows the student profile page for Gavin Anderson. It includes a table of details, a 'Notices' section, and an 'Add Information' dropdown menu. The 'Add Information' menu is open, and 'Add Covid-19 Test Result' is selected.
